Hi Mike,

Thanks for emailing the RTCs. EPA has no further comments.

Cheers,
Sun

<<Response to USEPA comments, Site 2 Draft Final ROD.pdf>>

Hello Sun,

Please find attached, on behalf of The Navy, an informal Response to USEPA Comments on the

ABL Site Two Draft Final ROD. I believe the PDF file accurately reflexes the comments of EPA legal department, as jointly inserted by the Partnering Team during our last meeting. I wanted to provide this file to you by e-mail to expedite the process, however I will send a hard copy and formal letter next week for your records and the Administrative Record.

Regards,

Mike
